### **Cal Poly Float Wins Lathrop K. Leishman Trophy at 2015 Rose Parade**

"Soaring Stories," the Rose Parade float built by Cal Poly students and their counterparts at California State Polytechnic University in Pomona, was awarded the Lathrop K. Leishman Trophy for the most beautiful non-commercial float. The trophy is named after the former president and grand marshal of the Tournament of Roses. The float was also recognized as "California Grown," with flowers grown by students and contributed by California flower farmers. The float depicts a fairytale castle and mythological griffin springing to life from the pages of storybooks, reflecting the parade theme "Inspiring Stories." In a first for the universities, the 18- by 55-foot float used photovoltaic panels to animate flags on the castle's three tallest spires. Other animated elements included the griffin's wings, the castle's drawbridge, a fish jumping out of the moat, the flickering candle flame and a quill that moved as if someone was writing. ### **Policy for Public Records Request is Important to Review**

The California Public Records Act (PRA) requires Cal Poly to provide the public with access to public records, subject to limited exceptions. Public records are open to inspection during normal office hours. Requests may be made verbally or in writing. A campus employee who receives a request for public records should immediately notify and provide a copy of the request (if written) to the PRA officer for processing. Matthew Roberts, director of administrative compliance services, serves as the campus PRA officer. For more information on PRA requirements, call ext. 6-5447, or email [PRA@calpoly.edu](mailto:PRA@calpoly.edu). ### **Memoriam**

Former Cal Poly coach **Bill Hicks** passed away Dec. 12 at the age of 92. Hicks coached football, baseball and golf during his tenure as a professor in the Physical Education (now Kinesiology) Department from 1957 until his retirement in 1983. Hicks led the baseball team to their first-ever NCAA Division II playoff berth in 1964. Though sports were moderately funded in the days before television, Hicks enjoyed the challenge of working with the student-athletes. He was also proud of the physical education coursework he developed at Cal Poly for elementary school students, which he developed with his wife, Jacque, a first grade teacher.
