Retirements

Sean Vahey, data warehouse service lead with Information Technology Services (ITS), will retire on Thursday, March 30, after nine years of service. Vahey has played an instrumental role in developing innovative solutions to improve the performance and reliability of Cal Poly's enterprise data warehouse. He served as lead developer on the data project for PolyPlanner that allows colleges to compare course demand with course offerings, supporting student success. Vahey also collaborated with the Office of Institutional Research to support the analysis of graduation and retention rates as part of the larger graduation initiative led by the Chancellor's Office. Upon retirement, Vahey looks forward to traveling and spending more time with his wife, Terry. ITS will hold a reception in Vahey's honor from 2 to 3:30 p.m. on Thursday, March 30, in Cotchett Education Building (No. 2), Room 24.

Kimberly Perez, director of general accounting/associate controller, will retire March 30 after nearly 18 years of service. A Cal Poly graduate, Perez was hired as an accountant II and was progressively promoted as she took on additional assignments and responsibilities, most notably GAAP reporting, automating the property system and working with the Chancellor's Office staff on myriad accounting policy changes. Upon retirement, Perez plans to continue to reside in San Luis Obispo, pamper her dogs and cats more than they are already accustomed to, and continue her volunteer work as president of nonprofit organization Pacific Wildlife Care in Morro Bay.

In Memoriam

David Conn, a wonderful colleague, a kind soul and a champion for making Cal Poly a better university, died March 8. He spent more than a decade as vice provost for Academic Programs and Undergraduate Education, where he provided the vision and the leadership that improved undergraduate education. Conn invested in interdisciplinary courses such as the UNIV series and the Honors Program. In the CAED, he assisted in the review of the college retention, promotion and tenure guidelines, and led faculty teams in the preparation of the state multi-hazard mitigation plan. As a professor of city and regional planning, he taught environmental planning. Conn advocated, in word and in deed, for a more inclusive society where people gained by sharing experiences with each other. This led to a pioneering new course with the Psychology Department titled Intergroup Dialogues. A memorial service will be held at 2 p.m. Friday, March 31, at Congregation Beth David, 10180 Los Osos Valley Road in San Luis Obispo. Donations in Conn's memory can be made to the Ovarian Cancer Research Fund Alliance, Oxfam, or New Israel Fund. Condolences can be sent to Judith Conn, 781 Stratford St., Pismo Beach, CA 93449. No flowers, please. Conn is also survived by his children, Danya Nunley, Joel Conn and Max Conn, and grandchildren, Eliana, Liora, Naomi and Willow Nunley, and Talia and Mariella Conn.
