Retirements

Kathy Kimball, an information technology consultant with Information Technology Services (ITS), will retire on Friday, May 19. Kimball is currently a member of the Enterprise Network Services team, however, during her 30 years at Cal Poly she has served in various roles. Kimball started out in the Student Records office in 1986, before personal computers were used in administrative offices, and then transferred to ITS in 1990 to work at the Service Desk and teach desktop applications. During her career, she has advocated for people with disabilities, promoted best practices for creating accessible websites and classroom materials, tracked technology equipment and provided quality customer service. Most recently, Kimball served as a key team member for the CSU Common Network Initiative, which completely replaced campus network infrastructure while minimizing the impact to students, faculty and staff. Upon retiring, she looks forward to spending time with her two dogs and traveling to Denver to visit her sister. ITS will hold a reception in her honor from 2 to 4 p.m. Friday, May 19, in Engineering IV (No. 192), Room 220.
